Chariho High School - Dual Sport Participation Policy

A new RIIL policy, which has been adopted by the Chariho School Committee, now allows High School student athletes to participate in more than one sport during one season.

High school students wishing to participate in two athletic activities in one season must meet the following criteria:

- A student must maintain a minimum overall average of 70 with no failing grades. Review will be on a quarterly basis; grade changes due to recouped credit will not be considered for dual sport eligibility.
- A student must declare a primary sport and a secondary sport and secure written permission from both coaches on the signature line below.
- This letter of intent signed below by the student and his/her parent or guardian, must be filed with the Athletic Director no later than the date of the first practice of the primary sport.

We, the undersigned, acknowledge that we have read and understand the rules/regulations for Dual-Sport Same Season participation and agree to full compliance for the season specified below:
